PUTNAM Co., April 29, 1887.

I have been suffering for most thirty years with an itching and burning all over my face and body. I took eighteen bottles of one blood medicine and it did me no good. I commenced last January to use B. B., and after using five bottles I felt bet ter and stouter than I have in thirty years, my health is better and I weigh more than I ever did. The itching has nearly ceased, and I am confident that a few more bottles of B. B. will cure me entriely. I am sixty-two years old and can now do a good day's work in my field. I consider it the best medicine I have ever seen, for it certainly did me more good than all the medicine I have ever taken. I had, in all, nearly a hundred risings on my face, neck and body.
